

Architectural Technologist

Dublin Studio

We are seeking several high calibre qualified Architectural Technologists to join our Dublin studio to develop recent commissions on hotel, residential, retail, masterplanning, education and office projects.

We are looking for highly motivated people with excellent communication, technical design and detail skills. We are a busy studio with many innovative new projects developed in partnership with our award winning interdisciplinary teams.

About you

The successful candidates will require to:

- Ideally have a minimum of 5 years post graduate experience;
- Have relevant cross sector experience in technical design development, detailing and job running;
- Have excellent CAD, Photoshop and Indesign skills;
- Have excellent verbal and written communication skills.
- As one of the first BRE accredited BIM practices in Ireland, a 'REVIT Certified Professional' qualification is desirable but not essential (Revit training will also be given to successful candidates).

BDP offers

In return, BDP offers an excellent opportunity for your personal development as well as an attractive remuneration package that includes a competitive salary and a great working environment.

About us

BDP is a major international interdisciplinary practice of architects, designers, engineers and urbanists working together to create outstanding 'places for people'.

We work closely with users, clients and the community to create special places for living, working, shopping, culture and learning across Europe, Africa, Asia and Australia.

To apply for this role please e-mail a CV and covering letter, along with examples of your work and two references (portfolio work which should be printable A4 portrait PDF – max size 10MB) marked for the attention of Michael Mullen to dublin@bdp.com.

BDP is an equal opportunities employer.

No agencies please.
