

Intermediate Mechanical Building Services Engineer

Closing date: 30th June 2018

Dublin Studio

We are seeking a high calibre Intermediate Mechanical Engineer to join our M&E team in our Dublin Studio.

You will have strong experience in design of heating, ventilation, air conditioning and water services systems together with an interest in passive design techniques, sustainable environmental solutions and renewable energy technologies. You must have proven experience, with a track record in the successful design and delivery of high quality projects across a range of sectors, preferably including education, healthcare and office buildings. AutoCad skills are essential and REVIT skills would be beneficial.

About us

BDP is a major international interdisciplinary practice of architects, designers, engineers and urbanists working together to create outstanding 'places for people'.

BDP has a leading track record in all major sectors including health, education, workplace, retail, urbanism, heritage, housing, transport, leisure, public safety and energy utilities, having won over 750 awards for design quality from international and national bodies. Our building services team recently won the CIBSE Building Performance Consultant of the Year Award 2018.

To apply for this role please e-mail a CV stating why you believe you are suitable for the position, including an indication of your salary expectation FAO: David Brennan to michelle.kenna@bdp.com.

BDP is an equal opportunities employer.

No agencies or third party applications please.
