

Senior Urban Designer

Location: Shanghai

Salary dependent on experience

Overall Purpose of the Job:

The position is based in BDP Shanghai Studio to act as a Senior Urban Design Architect on a wide range of activities contributing to the development of the business and delivery of projects.

They will report to Studio leader for the day to day management of projects and development of project opportunities.

When appropriate, they will be responsible for design & co-ordination of specific projects or project elements.

Qualification:

- At least 5-year experience from a foreign-invested architectural firm or a Class-A design institute.
- At least 5-year experience in the whole process of architectural urban design (program, concept and SD and EPD design stages).
- Experience in the design of large mixed-use planning projects; expertise in design organization management and the ability to accurately comprehend the project and the owner's demand, with good communication and coordination skills.
- Excellent design techniques and graphic skills with strong attention to detail.
- Ability to lead client presentations
- Dedication with responsibility and a good teamwork spirit.
- A passion for urban design, excellent scheme creation and architectural creativity capability, with a keen intellect and active thinking.
- Proficiency in CAD and Photoshop, with proficiency in sketch up and INDESIGN preferred.
- Proficiency in Chinese and English, both oral and written.
- Holding both Architecture and Urban design degree is preferred. Bachelor degree or above in architecture or urban planning from a top Chinese university or a reputable overseas university.

In return, we offer a competitive salary, a comprehensive package of benefits and a healthy attitude to work life balance. BDP is an Equal Opportunities Employer.

Interested applicants should email a covering letter along with a current CV in both Chinese and English to HRChina@bdp.com. A full job description will be provided upon application.
